

Education, Health and Care Plans

*What are
your experiences?*

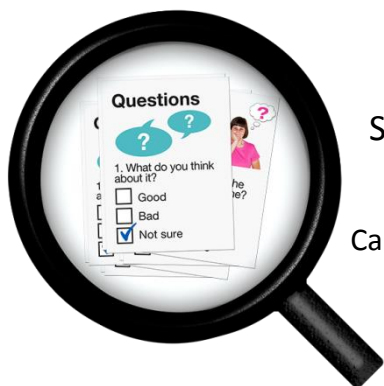

South Tees Clinical Commissioning Group are asking for views and experiences from Children, Young People and their families on the input/service/support provided by health professionals towards the Education, Health and Care Plan process

- Did you get the support you needed from health professionals?
- Did you feel listened to?
- Did you receive information that was required for the Education, Health and Care Plan panel in a timely manner?

Help us shape plans in the future

Drop in and chat to us with your experiences and views.
