

## Commotion In The Ocean Matching Activity

Can you match the description to the correct creature in the ocean.

I have lots of wiggly tentacles and just love to jiggle around. I can be see thorough or sometimes very colourful.

I just love to walk sideways across the beach to the sea. I have two very sharp claws, be careful that I do not pinch!

I have 8 long arms which may look funny. It helps me to hold all my children and tickle each on the tummy!

I swim with a grin to greet you, see how my jaws open wide. I have huge sharp teeth to catch fish with. What am I?
