Spread out a set of cards face up. Take turns to choose a card but don't tell the other players which you have chosen. Make a face and see if the other players can guess which card you chose.

Making Faces

Place a set of cards face down on a stack. Turn over the top card. Have your child name the emotion and make a face to match.

The Way I Feel Story Game

Spread out a set of cards face up. Take turns to choose a card but don't tell the other players which you have chosen. Tell a short story about a time you felt like that and see if the other players can guess which card you chose.

Story Emotions

Lay out 3-4 cards. Using a small figurine, tell a short story about the toy. For example - "Peppa's balloon popped." Ask your child to put the figurine on the card that shows how Peppa would feel if this happened.

Emotions Snap

Print multiple copies of the cards (complete with the backing pattern on the reverse side) to make your own Snap game card pack - you'll need at least four sets. Shuffle the cards for a game of Snap.
